Your Thanksgiving hunt starts here!

If you don't have the free **Hide & Pic** Android app yet, scan the code on the right to get it on Google Play.
In the app, open "Find by QR Code" from the main menu and scan one of the large QR codes on the clue cards above.

*Note: Explore, find clues, and hunt for treasure, **in the real world**, with the app as your guide.*

The back side is **optional** to print, since the questions are shown in the app.
Print it only for nicer-looking cards (double-sided, flip on long edge).
